Portfolio: himanshu03-dev.github.io/portfolio_website.github.io

PROFESSIONAL SUMMARY

Software Engineer with **3+ years of experience** designing and delivering scalable, high-performance web solutions. Strong expertise in **WordPress development** (custom themes, plugin customization, API integration, SEO) combined with solid **Python and Django** fundamentals - including Django ORM, REST API development and MySQL database design, applied through certified training and hands-on projects. Skilled in front-end development with HTML5, CSS3, JavaScript, jQuery and Bootstrap, clean coding practices and systematic problem-solving. Proven ability to deliver 20+ live projects independently within collaborative Agile teams.

TECHNICAL SKILLS

- **Languages:** Python (Core, OOP), PHP (WordPress), SQL, JavaScript (ES6)
- **Frameworks & Libraries:** Django, Django REST Framework, Bootstrap, jQuery, Pandas, Requests, BeautifulSoup
- **WordPress:** Custom Theme Development, Plugin Customization, Hooks & Filters, Custom Post Types, Elementor, WPBakery, WooCommerce, ACF
- **Web Technologies:** HTML5, CSS3, Responsive & Cross-Browser Design, REST API Integration, SEO
- **Databases:** MySQL, SQLite, phpMyAdmin, Django ORM, Database Design & Queries
- **Tools:** Git & GitHub, VS Code, Spyder, Postman, cPanel, AI Tools (ChatGPT, GitHub Copilot)
- **Concepts:** Object-Oriented Programming, Software Design Principles, Problem Solving, Agile Development, Code Optimization, Performance Tuning

PROFESSIONAL EXPERIENCE

Webority Technologies

Software Development Engineer

Gurgaon, India

Nov 2023 - Present

- Designed, developed and deployed **20+ scalable web applications and WordPress websites** across healthcare, finance, education and technology domains.
- Built custom WordPress themes and customized plugins using hooks, filters and custom post types to deliver client-specific functionality.
- Integrated **third-party REST APIs**, lead-capture forms and CRM tools, handling JSON data, authentication and error handling.
- Engineered responsive, high-performance interfaces using HTML5, CSS3, JavaScript and Bootstrap for seamless experience across devices and browsers.
- Worked with **MySQL** databases - queries, schema management and data troubleshooting for live production systems.
- Applied on-page and off-page SEO with performance optimization (caching, asset minification, Core Web Vitals), improving search visibility and user engagement.
- Collaborated in **Agile** teams through sprint planning, code reviews and client demos; delivered multiple projects independently to high quality standards.

Recall IT Solution LLP

Associate Software Engineer (Web Designer)

Agra, India

Mar 2023 - Aug 2023

- Developed and maintained dynamic, responsive websites using HTML5, CSS3, JavaScript and Bootstrap.
- Created and customized WordPress themes, plugins and web pages for performance and scalability.
- Leveraged jQuery and JavaScript libraries to enhance website functionality and interactivity.
- Participated in team meetings, code reviews and training sessions to strengthen technical skills.
- Collaborated with the team to test, troubleshoot and document software features.

PYTHON & DJANGO PROJECTS

Social Media Dashboard

Tech Stack: Python, Django, MySQL, REST API, Chart.js

- Built a Django-based dashboard that aggregates social media account data and presents followers, engagement and post performance through interactive charts and filterable reports.
- Designed relational models in Django ORM with MySQL, implemented user authentication, role-based access and CRUD operations for accounts, posts and campaigns.
- Developed REST API endpoints to serve analytics data to the frontend and handled JSON responses, pagination and error handling.
- Created a responsive UI with HTML5, CSS3, Bootstrap and JavaScript, reusing front-end expertise from 3+ years of professional web development.

Task & Project Management REST API

Tech Stack: Python, Django REST Framework, JWT, SQLite

- Developed a RESTful API with token-based (JWT) authentication supporting full CRUD for projects, tasks, assignees and status workflows.
- Implemented serializers, class-based views, permissions, filtering and pagination following Django REST Framework best practices.
- Tested endpoints using Postman and documented request/response formats for easy integration.

SELECTED WEBSITES DELIVERED (20+)

- parivahealth.com | webority.com | anilbaghihospital.com | corporatevaluations.in | painflame.com | momsbelief.com | cyson.in | diwhynot.in | hinducollegeperfumery.org | outsourzr.com | treacletech.com | cloudverse.ai | galapegasus.com | abacatech.com | pnfevents.in | officedel.com | eiseninvestments.com | intuicentinnovations.com | astrogurusauraabh.com | houseaffair.in

CERTIFICATIONS & ACHIEVEMENTS

- Certificate of Achievement in HTML and CSS - W3docs.
- Certificate in Python, Data Science and Django - E-Gain Classes (eduxgain.com).
- Certificate in C and C++ Programming - E-Gain Classes (eduxgain.com).
- Independently delivered 20+ client websites end-to-end, from development to live deployment.

EDUCATION

Dr. Bhimrao Ambedkar University, Agra

Bachelor of Computer Applications (BCA), Computer Science

Aug 2019 - May 2022
